MAYFIELD YOOLEN MILL

MAYFIELD

Extraordinary Wholesale Manufacturers' Retail Sale to the Public. The Sale Opens at 1120 and 1122 Olive Street This Morning

And Continues Daily. Open To-Night Till 10 O'Clock.

We beg to introduce ourselves to the CLOTHING CON-SUMERS of our city.

For many years we have manufactured Woolen Piece Goods and made these goods into CLOTHING.

We take the WOOL as it comes from the back of the sheep; we scour it; we dye it; we spin it into yarn; we weave it into cloth, and we make it into CLOTHING.

We know what is in our Product, for we put it there; and we stand behind it.

On every piece of our goods is our guarantee—SIGNED, thereby making us LEGALLY as well as MORALLY liable, stating what is in it and that IT IS AS REPRESENTED.

We have always confined our sales to merchants only, but our immense capacity for manufacturing the best of CLOTHING and our ability to place these Goods Direct to the Consumers at less prices than ever heard of before, together with our present stock of fresh, new, this Spring's goods, induce us now to make this DRIVE SALE TO CONSUMERS.

This sale is without either retailers' or wholesale manufacturers' profits; it is not a money-making sale at all; it is a DRIVE SALE and an INTRODUCTORY SALE as well. It would be a money-losing sale were it not for that best of all advertising which we will get by having our goods on the backs of our

local wearers and KNOWN; afterwards they will

realize their merits and be glad to pay a reasonable profit, which will benefit us hereafter.

SO THE PROFIT IS ALL YOURS NOW. It is difficult to quote prices, for the cut is along the whole line and not in JUST A FEW PLACES to advertise.

We have Children's Suits as low as 43c and Men's Suits as as \$1.28 and up to Suits of Finest Imported Goods.

This great sale will begin SATURDAY at 8 A. M. It will not be held at our Wholesale Warerooms and Factory—Washington Avenue, no room for it there-but at 1120 and 1122 OLIVE STREET. The situation is not so central as some, but it is roomy and the rent is hundreds of dollars less per month, and this saving of expense has been figured to your profit.

At these prices, of course, we make no credit charges nor tickets, and cannot deliver goods except on payment of actual delivery cost.

Our goods are especially for the great masses; CHEAP, GOOD, FINE and STYLISH; and in great variety for CHILDREN. BOYS, YOUTHS and MEN.

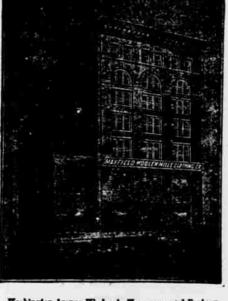

Mayfield Woolen Mills Clothing Co.

THIS IS THE CONSUMER'S OPPORTUNITY. We cordially invite you.

STATE ORGANIZATION OF JEFFERSON CLUBS

Harry B. Hawes Outlines Plans in Circular Letter to Missouri Democratic Leaders.

SCOIAL FEATURE PREDOMINANT

Pemphlet States All Jefferson Clubs Should Be Distinctly Local-Literature to Be General.

Further steps were taken yesterday in the effort to organize Jefferson Democratic ughout the State when President Harry B. Hawes of the Jefferson Club sent out a circular letter to Democratic leaders recommending the formation of Jefferson clubs in every city and town of Missouri. Mr. Hawes's plan for organization is to the offect that each one of the Jefferson tube should be distinctively local except there would be a uniformity in the use

when visiting other towns and cities. Dear Sir: Why should Democrats try to deceive themselves about the state of party organization in Missouri! Would it not be wiser to admit that we need more thorough and systematic orone systematic organization in their business, in their homes and upon their tarms. Why smould they not also assist in securing organization for the uphothing of those principles of noverment which are dear to the honest yeomany of Missuri? Some cities and townships have of Missuri? Some cities and townships have tion for the uphoking of those principles of government which are dear to the honest yeemanity of Missouri? Some cities and townships have fairly good organizations and some have none at all, but there is scarcely an organization that camot be perfected and improved upon. Let me suggest to you the organization of a Democratic club in your vicinity under the name of Jefferson club of —, purely local in its character, and intended to best serve the party in the State by best serving local interests. Such a club, if organized, could be easily handled, and will be found to be the most effective method of combatting the schenes of Republicans. It can be made to have plessant social features and a headquarters for men who are engaged in patriotic political work. The Jefferson Club of St. Louis has been in existence for over ten years. It has never in that time indorsed a candidate for elective or supointive office. The organization under which it works is the result of much experience and great research. Let me urge you to establish a club in your community. If you desire to take up the matter, I will furnish you a copy of our by-laws and any information that you may desire. A chain of Jefferson clubs extending throughout Missouri, not acting together except in the matter of the distribution of literature, and in creating a friendly feeling toward visiting members of other clubs, would bring tremendous returns in the way of Democratic gains. After the completion of such a system of club, all bearing the same name, and addressed by moted speakers.

It is time that our people serve thoroughly aroused and informed or the tendency of the Republican party to take us away from the government of clubs, and before the remembers of other clubs, would bring tremendous returns in the way of Democratic gains. After the completion of such a system of clubs, all bearing the same name, and addressed by moted speakers.

dertake the organization of a club such as I have indicated in your locality. I will be obliged if you will inform me of that fact, and also who the officer's will be. If you are not personally disposed to give the necessary time and attention to the organization, please send me the name of same one in your vicinity who would be inclined to take charge actively of such work. The Jefferson Club of St. Louis has no desire to engage in flate politics other than in a general way to assist in securing Democratic success. Very respectfully.

HARRY B. HAWES, President. respectfully.

HARRY B. HAWES, President.
P. S.-Planse address all communications in care of the Jefferson Club, St. Louis.

The main objects sought by the organiza-tion of "Jefferson" clubs throughout the State are to create a systematic organiza-tion for the election of men regularly nom-mated at Democratic conventions and to disseminate the doctrines of Jefferson as applied to modern conditions by political literature and speeches.

ALL DELEGATIONS ARE FOR BARTHOLDT

Only Contests in Tenth Congressional District in Seventh and Eighth Wards.

FIGHT FOR WARD SUPREMACY.

Ed Baumann, City Central Committeeman From Ninth Ward, "Turned Down" by Bartholdt's Agents.

Representative Bartholdt has no opposition for the congressional nomination in the Tenth District. All the ward delegations were filed yesterday with the Board of Election Commissioners and all are for Bartholdt. Contesting delegations were filed from the Seventh and Eighth wards but from no others. These contests are for political supremacy in the two wards. Affairs in the Ninth, Ziegenhein's baili-

wick, are much mixed. Bartholdt's agents, evidently distrusting Ziegenhein's follow ers, closed the door on the enemy and added fuel to the fire which already razed. Ed Baumann, City Central Committeeman, was not recognized by Barthoidt's repre Ninth Ward delegation.

It is said that Bartholdt himself dictated

It is said that Bartholdt himself dictated the personnel of the Ninth Ward delegation by issuing instructions to Fred Kolb, secretary of the Tenth District Corgressional Committee. Mr. Buehrmann, one of the Ninth Ward delegates, lives in the Tenth Ward.

Baumann accosted Election Commissioner Aloe and Mr. Kolb in the office of the Board of Election Commissioners yesterday and expressed his opinion, in forceful language, of conditions in the Ninth Ward.
